HOW TO USE SPAR SOAP

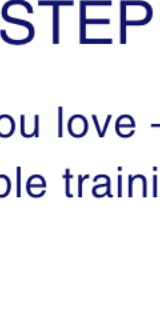

STEP 1

Choose your scent: neutral (Original) or sweet (Platinum).

STEP 2

Use Spar Soap in the shower as soon as you can after training. Make sure to work up a lather!

STEP 3

Keep doing what you love — WITHOUT valuable training time.

CUSTOMER REVIEWS

I love Spar Soap. I ended up getting ringworm on my face from a yoga class, and Spar Soap's Platinum Bar cleared it up in no time. It was also gentle enough to leave my skin soft and moisturized.

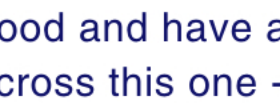

Rachel S.

Verified Amazon Customer in Connecticut, USA

Love this soap. I train 5-6x week and was in need of a soap that would keep my skin healthy. It doesn't dry me out, my skin feels clean, and I haven't ever contracted staph or ringworm while training because of it. Buy this soap. It's dope.

Verified Amazon Customer USA

I am going to start by saying that I have a bit of a bar soap addiction :) (ok, more than a bit: I am addicted!) which means I buy and use it... always look for something new to try and soaps that smell good and have all natural ingredients. So once I came across this one - I don't think I will be buying any other soap (like ever)! The smell is out of this world! My bathroom smells like an expensive spa all the time now (and who doesn't like expensive spas, right? :)). I do few hours of martial arts every day, which means at least three showers a day to wash away all the sweat and grime nirk-out in at the gym!

SIMPLE INGREDIENTS ANTIFUNGAL PUNCH

Antifungal soap doesn't have to smell like your grandpa's medicine cabinet.

It also doesn't have to dry out your skin. Actually, it can moisturize your skin.

All without losing its strength. Sounds too good to be true, right?

It was... until Spar Soap.

I'm Travis, co-creator of the **BEST SMELLING** antifungal and antimicrobial soap with all natural ingredients. As a fitness trainer and martial arts instructor, I spend dozens of hours each week on the mats, drenched in other people's sweat.

I know what it's like to battle pesky fungal skin infections like ringworm and athlete's foot...

...to deal with the constant itching and embarrassing spots...

...to miss out on valuable training time because some microbes set up shop on my skin—even though I was showering three times a day.

After years of research and refining, I created Spar Soap, the first all natural, antifungal soap bar that athletes look forward to using. My dream is that no athlete will have to miss out on a single day of training because of skin infection again.

YOU DESERVE TO TRAIN WORRY-FREE.
